PREPARED FOR SUCCESS!

ReMar Nurses have a 99.2% NCLEX Success Rate Studying Core Nursing Content.

Established in 2010, ReMar Review has become an industry leader and helped more than 300,000 nurses better understand the Core Nursing Content for NCLEX!

With the NCLEX Virtual Trainer we will give you the tools to effectively prepare for the examination. Along with that we provide a community to support you on the journey to becoming a safe nursing professional.

- The NCLEX-RN & LPN test plans and Practice Analysis serve as our guide for content development.
- Our curriculum narrows down the content to emphasize the key topics found on the exam.
- We save time by only teaching the information that a new graduate is expected to know for NCLEX.
- Our streamlined approach to core content builds student's competence and confidence.

SO WHAT'S THE DIFFERENCE ?

We asked 5,000 repeat-testers "What resources have you previously used?" Nearly 25% of the nurses questioned that failed NCLEX reported using **UWorld**; and nearly 20% of those students reported using **Kaplan** prior to their failed attempt.

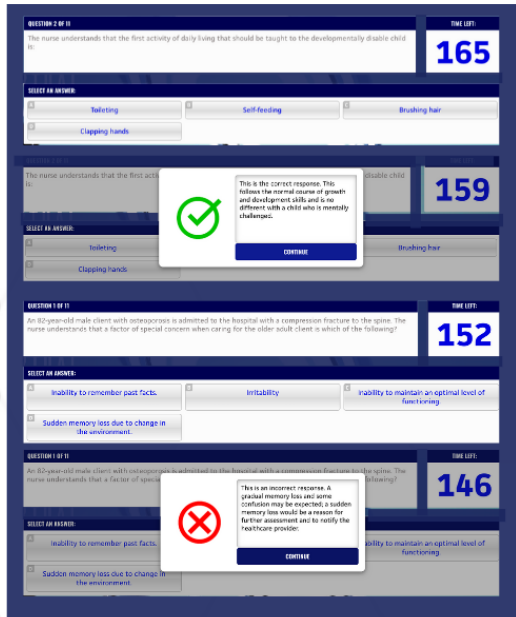

You can literally do a thousand NCLEX questions and learn hundreds of "strategies" but as one student said after passing "When you sit for NCLEX all of those strategies go out the window if you don't KNOW THE CONTENT!" ReMar focuses on the content because when you know your content you are better equipped to answer any question NCLEX gives you! Content is the difference between confidence and anxiety; and passing NCLEX or failing NCLEX. What makes ReMar different? **We have better nursing content!**

Finally the wait is over I have passed my Nclex RN on 08/18/2020. It was not possible without Our God and his unconditional support n guide. Thank you so much Ms Regina and Mr Mark for unconditional support throughout because it was not possible without ur Virtual trainer remar Qbank Quick fact book 5star. I went over every content and try understanding them and ways to answer questions. My major source of content was remar .. iam a repeat test taker and a mother of 2 toddlers.

I recommend getting the VT packet and committing to the review. I was about to pay \$900-\$1600 for a review and the company didn't even know their success rate. I opted out and chose ReMar and I'm on day 2 of 2. So far I'm very pleased. The way "Quick Facts" & "Virtual Trainer" breaks the content down to the simplest form. I love it!!!

 **Tracy Denise RN** recommends ReMar for NCLEX. May 26

it gave you content which is what you really need to approach any question..passed in 60 remar is everything you need and God!

 **Lindsey St Laurent** recommends ReMar for NCLEX. August 10

I can't even begin to explain how thankful I am for Remar review! I took my NCLEX RN for the second time this past weekend and found out today I passed! Remar breaks down the material and makes it stick. Through out my whole test I heard Reginas voice saying I can, I will, I must pass the nclex! Don't give up on your dreams! Believe in yourself! Thank you remar for helping me make my dreams come true #RN

 **Celine Cee Cee Ephestion** recommends ReMar for NCLEX. July 11

Before Remar I was using UWorld and didn't feel like I was grasping any content. So I purchase the VT. I took my exam today and I can definitely say that I say some question that VT was spot on. I'm so grateful for Remar Family. Passed on my first try. Now I will have R.N behind my last name!!

 **Brittany Mitzel** recommends ReMar for NCLEX. March 13

I highly recommend getting the virtual trainer with quick facts book!!! I took my test yesterday for the second time and found out today that I passed. The virtual trainer makes you accountable for your study! #remarnurse

 **Diane Tran** recommends ReMar for NCLEX. July 9

I failed my first time. But found Remar and it gave me the motivation I needed! I just tested, and now I can finally say that I am officially a nurse !!! 😊

It truly is the BEST review for NCLEX! I took my boards last weekend and found out I passed! Officially a Remar Nurse!

 **Rebecca Cowherd** recommends ReMar for NCLEX. June 3

ALL of the information is great and straight to the point. I purchased ReMar on May 9th. Studied the material for 3 weeks. Sat for my PN Nclex yesterday (June 2nd) and PASSED on the 1st try with ReMar! Its worth EVERY penny and ALL of the dedication. Im officially a ReMar Nurse! 🎉

 **Arydenn P. Recker** recommends ReMar for NCLEX. May 25

I used ReMar to study content for my NCLEX RN. Passed the first time!! Thank you ReMar for reviewing every topic that's needed to pass. The whole time I said to myself " I can, I will, I must pass the NCLEX".

 **Lovely H. Gonzales** recommends ReMar for NCLEX. August 3

Highly recommended!! Graduated 2011 passed my NCLEX-RN 60 items.. Worth every penny!! Thank you Remar! so much blessed that i found your program 🙏

 **Alexis Johnson** recommends ReMar for NCLEX. July 28

I graduated nursing school May 2019 and tested August 2019 and was unsuccessful on my first NCLEX-PN attempt. I was disappointed and hurt. My mom, family, & friends kept encouraging me. I had my precious baby boy in January 2020. So, that really motivated me, I was like I got to do this! I had been purchased the quick facts book. I was doing questions on UWorld but that expired and I was like you still have to make sure you have the content down from front to back. So, April/May is when I purchased the Virtual Trainer. I got sick with COVID towards the end of June so I was like this the perfect time for me to study when I can. I scheduled my test for July 24th. I started really hitting it 2 weeks before my exam. I was weak in some areas but I just kept reading and reading and finished the virtual trainer. So, to make a long story short I took my exam on July 24, 2020 it cut off at 60 questions in about 45 mins. I was a nervous wreck all weekend . With thanks to God, ReMar for NCLEX, and my supportive family & friends as of July 27, 2020 I am officially Alexis Johnson, LPN! Y'all even when your own the verge of giving up, never give up! Delayed but not denied!❤️ Thank you so much! ReMar is the way to go! Remember, you can do it! #ReMarNurse

 **Shannon Baldree** recommends ReMar for NCLEX. June 9

I passed my NCLEX RN last week in 63 questions thanks to Remar VT. My test got canceled a couple times due to Covid and I needed a content review to be comfortable taking my NCLEX. I've been out of school for about 7 months. I'm so so glad I used this program. I'm now a RN and applying for jobs.

 **Bri Torr** recommends ReMar for NCLEX. June 11

Thank you Regina as of Tuesday June 9 I'm an RN here in the states. Your review helped me a lot and made me more confident for my test. I passed my NCLEX RN with 130 questions.
